PUBLICAN LEADERS ACT IN
MATTER

(By United Press)
Washington, Nov. 8.—Action on important national reforms, such as railroad rate revision, radical farm relief legislation and further taxation changes—is to be put off until after the December session.

A representative group of republican leaders in congress have agreed that they should prevent any action upon such vital questions at the December short session, which opens a month from today.

CO-OPERATIVE MARKETING PLANS

MAY BE BROACHED AT DECEMBER SESSION ON CONGRESS

(By United Press)
Washington, Nov. 8.—A comprehensive plan of co-operative marketing was looked for today as the most probable recommendation of the special legislative commission appointed last night by President Coolidge to draft a program of farm legislation, for submission to congress next month.

No plan by which the government would be called on to furnish money for relief measures will likely receive consideration. The first meeting of the commission will be held here November 17.

Land grant colleges whose officials are to meet before the commission gets down to work probably will be asked to offer advice.

The commission is headed by Robert D. Carey, former governor of Careyhurst, Wyo. Among the other members of the commission is W. C. Coffey, dean of the agricultural college, University of Minnesota.

SUIT FOR DAMAGES TO BE TRIED AFTER DELAY OF 7 YEARS

St. Paul, Nov. 8.—An action to recover damages for an accident which happened seven years ago, in August, 1917, is to go to trial.

A party on an excursion trip to Duluth was injured in an auto accident in that city. They sued the steamship company that brought them from Detroit on the trip.

The steamship company sued the bus company it had hired to take the excursionists over the Duluth boulevards. Then the bus firm, the Board of Trade Livery Co., sued the George Casualty Co., with which it carried liability insurance.

The insurance firm demurred, the bus company appealed, and the supreme court today ordered the case tried. The damages totaled \$4,800.

POISON SECRETED IN CEREAL FOOD CAUSES TRAGEDY

(By United Press)
Minneapolis, Nov. 8.—Chemists today were attempting to identify poison contained in breakfast food sample thrown at the door of W. F. Arriago, which caused the death of his small son and serious illness of three others.

The breakfast food was a malt mixture and dried fruits. Deputy Coroner W. F. Widen was investigating the possibility that the combination was poisonous. The police theory was that an enemy of the family poisoned the fruited cereal thrown at the door. Rudolph Arriago, two years old, died soon after eating some of it. Mrs. Arriago and Mrs. Merle Laline and her daughter, Barbara, 5, were all taken to a hospital but will recover.

REVOLT HINGES ON SACCO-VAN-
ZETTI CASE, MASSACHU-
SETTS

(By United Press)
Paris, Nov. 8.—Warning of a worldwide uprising of anarchists if the lives of Nicola Sacco and Bartolomeo Vanzetti, convicted of the murder of a paymaster and his guard at Braintree, Mass., are not spared, was issued today from secret headquarters of the Paris anarchists.

The threat was made to a United Press correspondent, who was conducted by mysterious paths across the city, slowly questioned, and finally ushered into a low, dark den at the end of a stairway guarded by armed men. It was made in the presence of half a dozen long haired anarchist leaders, who were engaged in getting out "La Libertaire," newspaper of the organization. It was Henri Delscourt, leader of the Paris anarchists, who spoke.

"We warn Americans that serious things will happen if our comrades, Sacco and Vanzetti, are executed," Delscourt said solemnly, while all the anarchists in the dark room faced the correspondent with serious stares.

Sacco and Vanzetti have appealed several times from their conviction and Judge Webster Thayer of the superior court of Massachusetts has under consideration a bill of exception filed by their attorney.

PROGRESS OF SACCO- VANZETTI CASE

Bedham, Mass., Nov. 8.—Following receipt of notice by the clerk of the Bedham superior court today that Attorney Frederick H. Moore of Los Angeles had withdrawn his appearance as chief counsel in the Sacco-Vanzetti case, counsel for the two convicted men again requested that the date for filing exceptions to the recent decision of Judge Thayer be set ahead.

Judge Thayer granted the request and set the date ahead to November 21. He had already set the date ahead from November 6 to November 15. No reason was given for Attorney Moore's withdrawal.

"Ma" Ferguson Will Be Inaugurated Jan. 10

Austin, Tex., Nov. 8.—Texas' new governor will be inaugurated here Jan. 10, a week after opening of a session of the state legislature to canvass returns for governor and lieutenant governor in the general election.

"Ma" Ferguson had a lead of approximately 42,000 over Dr. George Butte.

LABOR PARTY IN AMERICA SEEMS DOUBTFUL

FEDERATION OF LABOR WILL
CONTINUE ITS OLD
POLICY

(By United Press)
Washington, Nov. 8.—The movement within the American Federation of Labor to set up a labor party in this country received such a severe setback by the result of the election that the more conservative leaders of the federation here today were confident the question would not come before the federation convention at El Paso November 17.

The wing of the federation and the allied railroad brotherhoods which have opposed the whole idea of developing labor's present non-partisan political efforts into a direct party again felt that their position was justified by the election.

Labor endorsed nearly 300 congressional candidates. Of these some 180 were elected, while only about 90 were defeated.

This was regarded as a distinct demonstration of the success labor may have when it clings to its old policy of "rewarding its friends and defeating its enemies."

Crookston Lumber Co. Plant on Fire--Threatens Bemidji

Bemidji, Minn., Nov. 8.—Fire that may wipe out the Crookston Lumber company plant here started shortly before noon and was far from control half an hour later.

The blaze at noon had destroyed the barns, office and a million feet of lumber. It was dangerously near the planer mill and the big factory sheds.

Hundreds of volunteers joined the Bemidji fire department in a desperate effort to stem the spread of the flames. Firemen were hampered by blow freezing weather.

The plant is a subsidiary of the Shevlin-Carpenter Corporation.

State Forestry Dept. Has Its Own Paper; J. A. Kent Is Editor

St. Paul, Nov. 8.—The initial number of the Smoke Screen, published by the state forestry department, appeared today.

According to the "editorial introductory," the publication will be issued monthly and its purpose is to establish a medium whereby a closer relationship between members of the service may be maintained.

It is an eight-page affair printed on mimeograph, and J. A. Kent, field agent of the department, is the editor. It contains a "knocks and boosts" column, the first contributor to which is Grover Conzet, state forester, who urges all members of the service to take advantage of the publication to express their opinions and furnish "material" for each issue.

HOLSTEIN COW SETS NEW MARK

Warren, Minn., Nov. 8.—Another Minnesota cow has broken a world's record.

Queen Bessie Pieterje Ormsby, a senior two-year-old Holstein owned by C. L. Spaulding of Warren, Marshall county, produced 24,587.6 pounds of milk and 895.63 pounds of butterfat, equivalent to 1,119.5 pounds of butter, in 365 days.

This is the world's record for a two-year-old of any breed, says W. E. Peterson of the University of Minnesota, superintendent of official testing, to whom reports are made every month.

Queen Bessie is a granddaughter of Sir Pietertje Ormsby Mercedes, one of the outstanding sires of the Holstein breed in this country. This famous bull heads the herd of E. C. Schroeder of Moorhead.

PRES. DOUMERGE PARDONS HIM,
BECAUSE OF DOUBT OF
HIS GUILT

(By United Press)
Cherbourg, France, Nov. 8.—John Ayotte, an American world war veteran from Sheboygan, Mich., sailed for home today after two years spent in a French prison for arson.

President Doumergue pardoned Ayotte, since there was some doubt as to his guilt.

The American married a French girl and afterwards quarreled with his father-in-law. The latter's barn was burned down and Ayotte accused of the crime, which is a most serious one in France. Despite his ignorance of French law he was convicted and sentenced to a long prison term.

(By United Press)
Paris, Nov. 8.—Blasco Ibanez, Spanish author who is working actively in Paris to overthrow the Spanish government, today disclaimed connection with the revolutionary outbreak at Perpignon.

"It isn't mine," Ibanez told the United Press. "The incident at Perpignon is not connected with my movement. I am trying to start a revolution in Spain and will try to incite the army and the people to revolt."

"My organization now is working to that end. I know nothing of an uprising at Perpignon. I do not wish to conceal my desire for a revolt in Spain, but naturally I cannot reveal my plans at present. King Alfonso has a large number of detectives here in Paris watching me. Toward the end of the month I will make known to the world my charges against Alfonso and my plans."

POLICE PICK UP THREADS OF PLOT

Perpignon, France, Nov. 8.—Police of this gateway town on the border between France and Spain today picked up the trail of an organized plot to start a revolution against the Spanish government.

The plot is being directed from a junta headquarters in France whence picked agitators are sent to Spain to spread disaffection in the Spanish army.

Simultaneously the police of Barcelona reported the breaking up and arrest of several groups heavily armed with bombs. One policeman was killed and another wounded in running street fights there, too—evidence of an organized plot against the government.

St. Paul, Nov. 8.—Denial of damages to a railroad brakeman was advanced by Chief Justice of the Supreme Court Samuel B. Wilson as an argument for state workmen's compensation to cover railway workers.

The suit was brought by David B. Hill, Duluth, against the Soo Line. He lost his leg above the knee at Superior Jan. 30, 1923, when he slipped on the step of a passenger coach, and fell beneath the wheels.

The federal law, under which Hill sought damages, does not classify a passenger step as a sill step, and on this classification, he is denied \$50,000 damages.

STOCK MARKET STRONG BECAUSE OF ELECTION

(By United Press)
New York, Nov. 8.—More than a million shares of stock changed hands in the short day's trading on the New York Stock Exchange this morning—the third boom day since the election.

The market closed strong, with buyers at attention to take advantage of any recessions among leading stocks.

Traders anticipate, with the public so active in the market, that there would be three million and four million share days next week.

(By United Press)
Washington, Nov. 8.—Secretary of State Hughes today was reported definitely to have decided to relinquish his post March 4 and retire to private life.

Coincidentally George Harvey, former ambassador to Great Britain, was spoken of as a likely successor to Hughes at the helm of the state department.

Hughes' present intention of resignation was said to be based on the desire to resume his private law practice and recoup his personal fortune, which has been depleted by long public service at relatively low salaries.

THE GREATEST HAUL MADE IN
LIQUOR SINCE PROHIBITION

(By United Press)
Washington, Nov. 8.—The Atlantic seaboard rum fleet is demoralized and reduced to a smaller number than at any time in the past 18 months, the Treasury department announced today.

A careful 30-day campaign directed from Washington brought surprise after surprise to the rum runners and resulted in the seizure of seven large British and one Norwegian ship with cargoes valued at \$4,300,000.

It was the greatest haul of liquor since prohibition. All were captured outside the 12-mile limit from 20 to 30 miles off shore under the regulations of liquor treaties between this government and the countries from which the ships were registered.

The liquor ships were taken completely off guard when new high speed motor boats which had not hitherto entered ocean waters swarmed around them.

Cambridge, Mass., Nov. 8.—At noon today the condition of Senator Henry Cabot Lodge, suffering from a stroke at Charlesgate hospital here, was described as "essentially the same, somewhat weaker," in a bulletin jointly issued by Drs. John H. Cunningham and Frederick Winslow.

Charles F. Redmond, private secretary to Senator Lodge, in a statement to newspaper men at the time the bulletin was given out, said the senator continues "periodical consciousness," and that during the morning members of the family visited him.

Vocational Educators To Meet in Indiana

(By United Press)
Indianapolis, Ind., Nov. 8.—Leaders in vocational education from throughout the United States will be here December 11, 12 and 13, to attend the 18th annual convention of the National Society for Vocational Education. Plans are being made to care for 2,500 persons.

State and city directors of vocational education, members of their teaching staffs, university instructors, and manufacturers who are co-operating in the vocational program will attend. An exhibit by manufacturers who employ vocational students will be an important feature of the convention.

Tours to many cities over Indiana to view the work being done along vocational lines have been arranged for the various groups of educators who come from different sections of the country. Z. M. Smith, state director of vocational education in Indiana, is chairman of the convention committee.

L. H. Dennis, state director of vocational education in Pennsylvania, is president of the national society. Vice presidents are: H. E. Bradford, Lincoln, Neb.; R. L. Cooley, Milwaukee, Wis.; Jean Cox, Salt Lake City, Utah; H. C. Givens, Little Rock, Ark.; Fort E. Land, Macon, Ga. F. G. Nichols, Cambridge, Mass., is secretary. John Clyde Oswald, New York publisher, is treasurer.

(By United Press)
Washington, Nov. 8.—Action on important national reforms, such as railroad rate revision, radical farm relief legislation and further taxation changes—is to be put off until after the December session.

A representative group of republican leaders in congress have agreed that they should prevent any action upon such vital questions at the December short session, which opens a month from today.

The tremendous majority of Calvin Coolidge is interpreted by these ruling solons as a mandate of the people to forego any revisionary changes in present laws—at least until the Coolidge republican working majority comes into power in congress. The work of the December session hence probably will be restricted to such measures for farm relief as meet the almost unanimous endorsement of all factions of congress and passage of appropriations bills planned.

OLDEST MEMBER OF STATE LEGISLATURE WINS RE-ELECTION

Stillwater, Minn., Nov. 8.—Rep. A. Wilkinson, oldest member of the state legislature, was easily re-elected in Washington county.

He led the field of four candidates in this district, where two are elected. Rep. Charles W. Grandstrand, who served his first term in the last house, was defeated.

The vote stood: Wilkinson, 3,557; Rollin G. Johnson, 3,467; Julius Rasmussen, 2,459; Grandstrand, 2,966.

Pres. Coolidge and Republican candidates for state and congressional offices carried Washington county with majorities between 900 and 1,200.

7 LARGE BRITISH AND NORWEGIAN SHIPS ARE SEIZED

RUM CARGOES TAKEN VALUED
AT OVER \$4,300,000

THE GREATEST HAUL MADE IN
LIQUOR SINCE PROHIBI-
TION

(By United Press)
Washington, Nov. 8.—The Atlantic seaboard rum fleet is demoralized and reduced to a smaller number than at any time in the past 18 months, the Treasury department announced today.

A careful 30-day campaign directed from Washington brought surprise after surprise to the rum runners and resulted in the seizure of seven large British and one Norwegian ship with cargoes valued at \$4,300,000.

It was the greatest haul of liquor since prohibition. All were captured outside the 12-mile limit from 20 to 30 miles off shore under the regulations of liquor treaties between this government and the countries from which the ships were registered.

The liquor ships were taken completely off guard when new high speed motor boats which had not hitherto entered ocean waters swarmed around them.

SENATOR LODGE SOMEWHAT WEAKER

BULLETIN SAYS SENATOR CON-
TINUES "PERIODICAL CON-
SCIOUSNESS"

(By United Press)

Cambridge, Mass., Nov. 8.—At noon today the condition of Senator Henry Cabot Lodge, suffering from a stroke at Charlesgate hospital here, was described as "essentially the same, somewhat weaker," in a bulletin jointly issued by Drs. John H. Cunningham and Frederick Winslow. Charles F. Redmond, private secretary to Senator Lodge, in a statement to newspaper men at the time the bulletin was given out, said the senator continues "periodical consciousness," and that during the morning members of the family visited him.

Vocational Educators To Meet in Indiana

(By United Press)
Indianapolis, Ind., Nov. 8.—Leaders in vocational education from throughout the United States will be here December 11, 12 and 13, to attend the 18th annual convention of the National Society for Vocational Education. Plans are being made to care for 2,500 persons.

State and city directors of vocational education, members of their teaching staffs, university instructors, and manufacturers who are co-operating in the vocational program will attend. An exhibit by manufacturers who employ vocational students will be an important feature of the convention.

Tours to many cities over Indiana to view the work being done along vocational lines have been arranged for the various groups of educators who come from different sections of the country. Z. M. Smith, state director of vocational education in Indiana, is chairman of the convention committee.

L. H. Dennis, state director of vocational education in Pennsylvania, is president of the national society. Vice presidents are: H. E. Bradford, Lincoln, Neb.; R. L. Cooley, Milwaukee, Wis.; Jean Cox, Salt Lake City, Utah; H. C. Givens, Little Rock, Ark.; Fort E. Land, Macon, Ga.; F. G. Nichols, Cambridge, Mass., is secretary. John Clyde Oswald, New York publisher, is treasurer.

The general council includes educators, industrial labor and business leaders.

RED GRANGE OF ILLINOIS

BILLY EVANS, sports writer, in referring to the merits of Jim Thorpe, Eddie Mahan, George Gipp, Coy of Yale, Brickley of Harvard, Heston of Michigan, Eckersall of Chicago and on down to Red Grange of Illinois, has this to say of the last-named:

Just at the present time Harold (Red) Grange of Illinois looms up as one of the best bets to be ranked with Jim Thorpe and Eddie Mahan. Grange is without doubt a wonder football player. One of those athletes who bobs up about every 25 years. He is one of the very few of a distinct type of greatness.

Like Thorpe and Mahan, Grange does everything well and is a glutton for work and punishment. Despite the fact that he is a marked man; despite the fact that he is the victim of a vicious tackle every time he is downed, Grange seems almost immune from injury.

Picking the three greatest halfbacks of all time is a matter of opinion. However, it would be difficult to select a more efficient or brilliant trio than Thorpe, Mahan and Grange.

Michigan spent a year working up a defense against "Red" Grange and he upset all their plans from the first kickoff.

NOTRE DAME'S PROVERBIAL PEP

THE public and football players and coaches wonder where Notre Dame gets its spirit and pep and how they win game after game and show a wonderful store of reserve power. The team seems animated with the idea to win and it does win and astounds its critics.

Where does all this steam and energy originate and why has Notre Dame the punch to win? It has been explained that jazz bands and dances are eschewed at the college. The team goes to bed at 10 o'clock. Students are regular in their habits. They learn to concentrate. Yes, there's a curfew law out at Notre Dame and the team observes it on its travels too.

NEXT YEAR'S CITY TAX LEVY

AN important session of the council will be held Monday evening, November 10th, when the members will consider the tax levy for 1925. The city has received \$10,000 this year from the state through the distribution of the gross earnings tax. This may be applied upon next year's levy or there is a feeling among some members of the council that a portion of it should be used to properly equip the fire department.

The meeting was called particularly to receive bids on certain sewer construction in Northeast and Southeast Brainerd. It is an adjourned meeting and it is possible that other matters will also be taken up.

"THE CALL OF THE WILD"

REAL life has again duplicated fiction. In Jack London's "Call of the Wild" a dog drops civilization after losing his master and joins a wolf pack.

Bozeman, Montana, in news dispatches reports that a "black wolf" said to head a wolf pack at Lodge Grass, has turned out to be an Airedale. Although handicapped by the loss of a leg, the Airedale had beaten rival "kings" of the pack and had established his leadership, just as did London's dog hero.

The sad part of the real life story is that hunters, believing the Airedale a giant wolf, had shot him down.

THE good citizen, no matter how he voted or what his political preferences may have been, will forget the animosities aroused during the heat of election and support the officials who were placed in office by majorities that leave no question as to the wish of the people, says the Bemidji Daily Pioneer. That the vote in the state was one of the largest in its history should also be taken into consideration.

THE ladies of Little Falls who stood so valiantly back of Congressman Harold Knutson, says the Little Falls Daily Transcript, feel that their trust has not been misplaced. The congressman's own county, Stearns, gave him a nice majority of over 2,000, and he will lead his ticket in the district, going back to congress with that spirit he has so often displayed of being first for his constituents at all times.

THE English sparrow has been indicted again. Of course, every one knows he is noisy, filthy and a fighter, but he also sometimes harbors a parasite and spreads infection to other birds. This parasite, it has been ascertained, may also infect chickens and turkeys.

WHEN a public official says he can't live on his present salary, says the Springfield Advance Press, he means that he does not know how he is going to pay his campaign expenses.

MINNESOTA University has a wonderful stadium. It should act as an inspiration and produce a winning team of Minnesotans. The old "grads" helped to build the stadium.

"WELL, this is the first time I ever was fired from a job in my life," said Magnus Johnson, when informed that Schall had defeated him in the race for the senate.

ROYALTY is attending the American baseball games played in England. A point in favor of the game is that it does not interfere with an Englishman's tea hour.

THE need of teaching moral obligations in the schools was emphasized by a speaker at the Minnesota Educational Association meeting in St. Paul.

WILBUR GLENN VOLIVA, churchman of Zion City, Ill., still contends the earth is flat. Maybe his outlook on life is generally flat.

French Ensemble Coat and Frock Combination

This is one of the popular French ensemble coat and frock combinations, developed in a fabric covered with gold embroidery and trimmed with dark gray squirrel.

Directoire Holds Place in New Winter Fashions

The directoire has unquestionably made its mark on the winter fashions, but in costume details rather than in silhouette, says a fashion writer in the Kansas City Star. Such details are to be found in the tiered or swinging shoulder cape; the wide collars and cuffs; the long, wide revers seen everywhere on coat dresses, and the jabot.

The more molded line, following more closely the figure than in seasons past, again reflects the directoire. Strangely enough, these are details of the men's clothes of the time rather than the women's, and whether the high-waisted dress will actually play an important part is questionable—except in misses' dress, where it undoubtedly has a youthful appeal.

The silhouette that may be looked for as the winter advances is a reaction from the directoire high-waisted tunic to a normal line which will be accompanied by greater fullness of skirt. Such Paris houses as Vionnet, Worth and Poiret, and houses in this country have struck this new note, which will presumably be accepted by exclusively dressed women.

This, however, is still a thing of the future. For the present the straight line, with assuredly more ample skirt than formerly, holds the place of honor.

Chic Frocks and Coats for Little Girls' Wear

Just because her years are few in number, let no one suppose that Miss Six-Year-Old is indifferent to her clothes. In fact it is often surprising to discover the definite ideas that these small persons have concerning their frocks and coats, especially in the matter of color.

There is a most engaging simplicity about children's clothes of today and a certain chic that is always in keeping with the youthful spirit. One notices among the latest models a marked tendency to employ plaids. These gay materials are used with the greatest success in the fashioning of little school frocks.

A material that is becoming more and more popular for school and play frocks is challis which now comes in most interesting patterns. One design reproduces amusing little Japanese figures in different colors on a dark blue ground.

Small two-toned checks are also much in evidence and in colors a prominent position is accorded shatter green. The smartest little straight-line coats are developed in this shade as well as demure little frocks of flannel or crepe de chine trimmed with green a bit lighter in tone.

More Material Is Used in Fashioning Gowns

While many of the new frocks give the effect of extreme slimmness, a close study of details reveals the fact that considerably more material goes into the fashioning of gowns of this season than was used in the season just past. However, writes a correspondent, these extra yards are so skillfully handled that one is not conscious of the change.

Another point brought out by sartorial authorities is that there is apparently an attempt to deviate a bit from the absolutely straightline and to adjust the material so that the lines of the figure are subtly suggested. This suggestion of a raised waistline was seen all summer and already the question has been raised as to whether this presages a return of the high waistline of the Empire period. It will be interesting to watch developments along this line. Thus far the new models in a great majority of cases dispense with the waistline entirely.

Colorful Frocks Popular—Silhouette Adheres to Narrow Lines.

A mode of infinite variety has been the favorite term used by critics to describe the fashions of the last few seasons, and they have again fallen back upon that hackneyed phrase to characterize the current autumn mode. Yet, writes a Paris fashion correspondent in the New York Herald-Tribune, there is a vast difference between the artistic but aimless diversifications of the styles of last spring and fall and the equally extensive peregrinations of present fashions.

The motivating force behind the widely varied details of the last two seasons has been the utter sameness of the basic elements of the mode. Boyish simplicity and straight lines had been accepted as axioms, and it was the not simple task of the designer to disguise these platitudes by the dexterous manipulations of such details as plait, flounce and tunic. Another means of differentiation employed by the Paris dress-makers was the use of new and distinctive materials. But as far as silhouette, waistline, sleeve and color were concerned, it was patent that the timorous couture was serenely content to follow the path of least resistance and rest upon its previous laurels. In a word, the mode was all dressed up and going nowhere in particular.

For Jeune Fille and Matron.

A survey of current fashions shows the same varied scope covered at the recent openings as in previous seasons, but with this difference. Where before the numerous details represented efforts to diversify old themes, today they are significant groupings toward new style types—they are now coupled with changing trends in the foundations of the mode, and the new tendencies which have been inaugurated this autumn will become more crystallized with the approach of winter and spring.

The first general tenet which the fall mode discarded was the ideal of eternal boyishness—a heritage from post-war flapperism. The new styles mark a decided step forward in dress dignity, and while the jeune fille frocks are quite as youthful as before, the mature charm of the matron has been granted a separate and necessary sphere. Indeed, some of the Paris salons have gone so far as to maintain different ateliers for youth and matron.

The second autumn innovation was the silhouette compromise. Not even the most radical critic believed that the slim silhouette could be dislodged from its firm station in a single season, and the introduction of the flared hemline to partly share the spotlight with the straight outline has satisfied the most chronic malcontents. The newest Paris models pay homage to both silhouette types by continuing the straight line snugly over bodice and hips and confining the flare to the skirt.

WHALING OFF VICTORIA ISLAND

(By United Press)
Victoria, British Col., Nov. 8.—Whaling operations off Victoria Island during the present season have been successful, according to reports received here. Four stations and six or seven whalers are working. Some of the vessels have an average of 30 head so far for the season, and whale oil is finding a ready market in England, while whale meat, canned, has become an established commodity along the West Coast of Africa, the entire British Columbia whale meat pack of last year being sold there.

lowest sector of the skirt. Incidentally, the typical fall skirt is about five inches shorter than last year, reaching only to about fifteen inches off the ground. Sleeves have left doubt behind them and have become definitely and frankly narrow and long. Except, of course, in evening gowns. The myriad types of last year have dissolved into this slender genre which has become one of the decisive landmarks of autumn fashions.

The new waistline has inherited wandering proclivities from its predecessor, but, as with other details, its meanderings seem to be in a definite direction. An idea of the diverse waistline interpretations may be had from the following data: The directoire waist is sponsored by Cheruit, Charlotte and Martial et Armand. The higher-than-normal line is exploited by Anna, Bechoff, Prouet and Renée.

RED GRANGE OF ILLINOIS

BILLY EVANS, sports writer, in referring to the merits of Jim Thorpe, Eddie Mahan, George Gipp, Coy of Yale, Brickley of Harvard, Heston of Michigan, Eckersall of Chicago and on down to Red Grange of Illinois, has this to say of the last-named: Just at the present time Harold (Red) Grange of Illinois looms up as one of the best bets to be ranked with Jim Thorpe and Eddie Mahan. Grange is without doubt a wonder football player. One of those athletes who bobs up about every 25 years. He is one of the very few of a distinct type of greatness.

Like Thorpe and Mahan, Grange does everything well and is a glutton for work and punishment. Despite the fact that he is a marked man; despite the fact that he is the victim of a vicious tackle every time he is downed, Grange seems almost immune from injury.

Picking the three greatest halfbacks of all time is a matter of opinion. However, it would be difficult to select a more efficient or brilliant trio than Thorpe, Mahan and Grange.

Michigan spent a year working up a defense against "Red" Grange and he upset all their plans from the first kickoff.

NOTRE DAME'S PROVERBIAL PEP

THE public and football players and coaches wonder where Notre Dame gets its spirit and pep and how they win game after game and show a wonderful store of reserve power. The team seems animated with the idea to win and it does win and astounds its critics.

Where does all this steam and energy originate and why has Notre Dame the punch to win? It has been explained that jazz bands and dances are eschewed at the college. The team goes to bed at 10 o'clock. Students are regular in their habits. They learn to concentrate. Yes, there's a curfew law out at Notre Dame and the team observes it on its travels too.

NEXT YEAR'S CITY TAX LEVY

AN important session of the council will be held Monday evening, November 10th, when the members will consider the tax levy for 1925. The city has received \$10,000 this year from the state through the distribution of the gross earnings tax. This may be applied upon next year's levy or there is a feeling among some members of the council that a portion of it should be used to properly equip the fire department.

The meeting was called particularly to receive bids on certain sewer construction in Northeast and Southeast Brainerd. It is an adjourned meeting and it is possible that other matters will also be taken up.

AMUSEMENTS

Make Up in Cars

During the filming of night scenes for Frank Lloyd's "The Sea Hawk," a First National picture to be shown at the New Park soon, special street cars were engaged to take extra men from Los Angeles to the San Pedro, Calif., docks, and make-up experts colored their bodies and made up their faces in the cars. This was done to save time.

You saw the marvels of underwater photography in "Wonders of the Sea." You remember the extraordinary beauty of the first natural-color picture ever made, "The Toll of the Sea." Now for the first time you will see submarine motion pictures combined with Technicolor movies in the year's most unusual photoplay, "The Uninvited Guest," a Metro production which will be shown at the New Park on Monday, Tuesday and Wednesday.

CATHOLIC WOMEN TO MEET AT ST. LOUIS

(By United Press)

Chicago, Nov. 8.—Interest of the Catholic women of America is centered on the convention of the National Council of Catholic Women which will be held in St. Louis, Mo., November 9 to 12. Miss Mary L. Downes of Chicago, High Chief Ranger of the Women's Catholic Order of Foresters, has been selected as a delegate from that society.

"Many prominent women are identified with the great service school of the N. C. C. W. at Washington, D. C. Among this number are Miss Agnes Regan, executive secretary, and Mrs. Arthur S. Bird, vice president," said Miss Downes. "This service school trains workers for all forms of social service."

It has been handed down from generation to generation and still belongs to a descendant of the first owner.

BIBLE STILL THE WORLD'S BEST SELLER

(By United Press)

Chicago, Nov. 8.—The Bible continues to be the world's best seller, with an annual distribution of more than 7,000,000 copies issued by the American Bible Society. This was attested in a report submitted today to the biennial convention here of the United Lutheran Church in America.

Lutheran members of the Advisory Board of the Bible Society announced that the largest circulation of the Bible outside of the United States was in China, which last year received more than 2,500,000 copies of the book, an increase of more than 500,000 over the previous year. The distribution of the Book in Japan aggregated 343,000 copies, a gain of more than fifty percent.

JAPAN WORRIED

BY GRAFT AMONG

PUBLIC OFFICIALS

By H. FRANCIS MISSELEVITZ (United Press Staff Correspondent) (By United Press) Tokyo, (By Mail).—Startling disclosures of graft among public of-

ficials have shocked the capital.

Late disclosures chiefly concern members of the Tokyo Municipal Assembly. The indictment of 20 members of the Government controlled railways caused intense interest in the manner in which it was alleged these men had misused public utilities and obtained about Yen 170,000 for their influence in various matters.

Tokyo has been without a Mayor for nearly a month now and a half dozen members of the Assembly are suspected of complicity in a bribe plot which has caused great internal dissension in Tokyo's city government.

The Mayor resigned when his ap-

pointment of a new head of the city electrical bureau was refused by the Assembly and that body elected another man for the post.

Since then, one alderman has been ordered held in prison pending his trial for giving bribes to buy votes for this new chief of the bureau, Ryota Daido, and others are being questioned by the procurator as to their parts in the scandal. In the meantime, the assembly cannot settle on a new mayor.

This has held up reconstruction work in the Capitol. The program, which was to have started late in September, has been delayed.

Make Up in Cars

During the filming of night scenes for Frank Lloyd's "The Sea Hawk," a First National picture to be shown at the New Park soon, special street cars were engaged to take extra men from Los Angeles to the San Pedro, Calif., docks, and make-up experts colored their bodies and made up their faces in the cars. This was done to save time.

You saw the marvels of underwater photography in "Wonders of the Sea." You remember the extraordinary beauty of the first natural-color picture ever made, "The Toll of the Sea." Now for the first time you will see submarine motion pictures combined with Technicolor movies in the year's most unusual photoplay, "The Uninvited Guest," a Metro production which will be shown at the New Park on Monday, Tuesday and Wednesday.

During the production of "Held to Answer," the Metro picture showing at the New Park tonight and Sunday, a religious revival meeting had to be staged. Nine hundred extras were gathered to represent the con-

Director Shaw through his megaphone. His words were wasted, however, for every one of the nine hundred recruited from agencies only knew where, lifted their voices and sang as only persons familiar with the hymn could sing it.

CATHOLIC WOMEN TO MEET AT ST. LOUIS

(By United Press)

Chicago, Nov. 8.—Interest of the Catholic women of America is centered upon the convention of the National Council of Catholic Women which will be held in St. Louis, Mo., November 9 to 13. Miss Mary L. Downes of Chicago, High Chief Ranger of the Women's Catholic Order of Foresters, has been selected as a delegate from that society.

"Many prominent women are identified with the great service school of the N. C. C. W. at Washington, D. C. Among this number are Miss Agnes Regan, executive secretary, and Mrs. Arthur S. Bird, vice president," said Miss Downes. "This service school trains workers for all forms of social service."

The oldest umbrella in the world still in the same condition as when it was bought, including the cover, is in the possession of a resident of Hobart in Tasmania. The umbrella was bought in 1770 by a man named William Cleveit in the county of Dorset, England, who emigrated to Tasmania. It has been handed down from generation to generation and still belongs to a descendant of the first owner.

BIBLE STILL THE WORLD'S BEST SELLER

(By United Press)

Chicago, Nov. 8.—The Bible continues to be the world's best seller, with an annual distribution of more than 7,000,000 copies issued by the American Bible Society. This was attested in a report submitted today to the biennial convention here of the United Lutheran Church in America.

Lutheran members of the Advisory Board of the Bible Society announced that the largest circulation of the Bible outside of the United States was in China, which last year received more than 2,500,000 copies of the book, an increase of more than 500,000 over the previous year. The distribution of the Book in Japan aggregated 343,000 copies, a gain of more than fifty percent.

JAPAN WORRIED

BY GRAFT AMONG PUBLIC OFFICIALS

By H. FRANCIS MISSELVITZ (United Press Staff Correspondent) (By United Press) Tokyo, (By Mail).—Startling disclosures of graft among public of-

ficials have shocked the capital.

Late disclosures chiefly concern members of the Tokyo Municipal Assembly. The indictment of 20 members of the Government controlled railways caused intense interest in the manner in which it was alleged these men had misused public utilities and obtained about Yen 170,000 for their influence in various matters. Tokyo has been without a Mayor for nearly a month now and a half dozen members of the Assembly are suspected of complicity in a bribe plot which has caused great internal dissension in Tokyo's city government.

The Mayor resigned when his ap-

pointment of a new boss of the city electrical bureau was refused by the Assembly and that body elected another man for the post.

Since then, one alderman has been ordered held in prison pending his trial for giving bribes to buy votes for this new chief of the bureau, Ryota Daido, and others are being questioned by the procurator as to their parts in the scandal. In the meantime, the assembly cannot settle on a new mayor.

ARMISTICE DAY PATRIOTIC PROGRAM

American Legion Has Arranged Celebration of Day Starting 10:30 A. M.

AT THE NEW PARK THEATRE

Business Houses to Close 2 Hours in Morning, Banks Not Open All Day

Next Tuesday, November 11th, is Armistice day, a legal holiday. The American Legion is preparing a suitable patriotic program, which will be presented at the New Park theatre at 10:30 o'clock. It is hoped that local citizens will make a special effort to attend.

Banks of the city will not be open all day on Armistice Day, and arrangements have been made for the business houses to close for two hours for the program, or between ten o'clock and noon, thus affording all merchants and clerks an opportunity to attend the exercises.

George Sweet is chairman of the committee in charge of preparing the program for the theatre. Rev. E. A. Cooke of the Methodist church will deliver the address. Musical numbers and other portions of the exercises have not been completed, but will be announced in Monday's Dispatch.

Brainerd citizens are asked to observe this holiday with the American Legion, which organization feels that the event is next to importance to July 4th, and is one that should be recognized by suitable observance. Local people are requested to make a special effort to attend the program at the New Park theatre.

O'BRIEN NEW BLOCK CHRISTENED "JUEL"

Hoped to Have Business Structure
Completed by December
the 1st

DESCRIPTION OF BUILDING

W. L. Alban of St. Paul Was
Architect and C. B. Rowley
Contractor

With favorable weather conditions, it is hoped to have the new O'Brien block at the corner of South Seventh and Laurel streets, on the site of the old Imperial block, completed by December 1st.

This building, containing four storerooms on the ground floor, three storerooms in the basement, and eight flats on the second floor, will be called the "Juel" building, named after one of Mr. O'Brien's daughters.

W. L. Alban, of St. Paul, was the architect on this building, and C. B. Rowley, of Brainerd, was the contractor. Mr. Alban drew the plans for the O'Brien Mercantile Company's store and the Iron Exchange building.

The Juel building has been designed along strictly modern lines of architecture, and is a model of convenience throughout. The three storerooms in the basement are reached from an outside stairway on the corner. Each one is finished in white and is well lighted.

The four storerooms on the ground floor are supplemented with four packing rooms in the basement, one for each store, and a connection with the rubbish burner, a part of the steam boiler.

The flats on the second floor are causing much favorable comment because of the convenient manner in which they are arranged; and the many modern improvements that are being installed. These flats are eight in number, some have four and others five rooms. Provision has been made for exceptional lighting and ventilating facilities.

Each kitchen is completely equipped with built-in cabinets and cupboards, an ice box that is iced from the hall outside, a gas range, and a service door, where delivery men may place their supplies without coming inside the kitchen. The bathrooms join the kitchens, and the both rooms are white enameled, with three coats of enamel, all trimmings in these rooms are nickel-plated. A ventilator in the kitchen carries away all odors from cooking foods.

In the four-room flats a folding bed, of latest design, has been installed, which folds out of sight into the wall when not in use. Skylights provide additional light for rooms that have no windows.

In the basement are individual storerooms, one for each flat, so that with the closet room in each apartment, there is plenty of storage space. A large laundry room in the basement is fitted with two tubs and equipment for ironing. Hot water for the laundry is furnished gratis, but gas plates are also installed, one for each tenant, connected with a lock valve to the individual's gas meter, for those who care to iron in the basement.

The furnace room in the basement is absolutely fireproof. It is literally enclosed with a re-enforced concrete slab nine inches in thickness, with similar slabs for the floor and ceiling.

The exterior of the Juel building presents a very attractive appearance. It is faced with pressed brick and decorated in grey stone, making a valuable and beautiful addition to the business district of Brainerd.

Commercial State Bank Starts Advertising Campaign With That as Subject

The Commercial State Bank is starting an advertising campaign in the Daily Dispatch, boosting "Own Your Own Home."

The bank has secured a number of small savings banks for its patrons. These little banks are made in the shape of a residence, white trimmed in black, with the wording, "Save for a home" on one side. The banks make an attractive ornament, and it is thought will encourage thrift.

The bank's window display and the advertising in connection with the "Own Your Own Home" movement, are causing many favorable comments, and a number of inquiries for the small savings banks.

COUNTY, TRUNK HIGHWAYS FINE

In Excellent Shape For Winter
Freeze-up, Says County Highway Engineer

SNOWFALL NO TROUBLE

Many Motorists Expected to Tour
Sunday, Especially Hunters to
Camps

County and trunk highways are in excellent shape for the winter freeze-up according to County Highway Engineer Walter M. Murphy, and the state highway department. The snowfall of Thursday night did not effect the roads in any way, according to Mr. Murphy, who expects that many motorists will be out on Sunday, and gives the following road report for their convenience:

State Road No. 2. (Dewey highway). This road connects Ft. Ripley with Wigwam bay on Mille Lake. Road though narrow has fair traveling surface. A cut-off is being built which will shorten the road by three miles.

State Road No. 3. (Brainerd, Merrifield, Cross Lake, Emily). Brainerd to Merrifield, best surfaced road in county, Merrifield to Cross Lake, excellent, short strip of sandy road next, balance of way to Emily, very good. A number of white line roads branch off from No. 3. One just north of Merrifield, called the Inland Trail, to Pelican lake and Breezy Point. Another east and west crossing No. 3 just south of Cross Lake, and a third from Jenkins meeting No. 3 north of Cross Lake. All are in good condition.

State Road No. 4. (Crosby north to Emily and Outing). Crosby to Mississippi river bridge, road is under construction. Take detour through Manganese. New construction is expected to be completed this season. River bridge to Emily, excellent, Emily to Outing, good. Connects at Outing with good road through Cass county to Remer.

State Road No. 5. (Deerwood, Bay lake and south). This road is in excellent condition its entire length of ten miles. Joins Trunk Highway No. 18 at the Workman corner, sixteen miles east of Brainerd. Offers motorists a scenic drive along the shores of Bay lake, and offers a connecting link between Trunk Highway No. 18 and State Road No. 4.

Trunk highways in Crow Wing county are all reported in good shape. Trunk Highway No. 19, or the Gull lake road is a little rough for a few miles out of Brainerd.

Trunk Highway No. 2. (Duluth, Brainerd, Staples, Fargo). 260 miles in length, good except over short stretches of new construction between Motley and Staples, which are reported as fair. Good detour around new construction between Staples and Wadena.

Trunk Highway No. 18 (Elk River, Garrison, Brainerd) 100 miles. Road very good its entire length.

Trunk Highway No. 19. (Brainerd, Walker, Cass lake) 95 miles, reported good all distance.

Trunk Highway No. 27. (St. Cloud, Little Falls, Brainerd) 62 miles. Paved from St. Cloud past Little Falls, detour to Brainerd fairly good.

3,394 VOTES WERE CAST

Fill Site Declared to Have More Than
Majority of Total Vote
Cast

The Brainerd Board of Education met on Friday evening, for the purpose of canvassing the votes cast at the special election on last Tuesday for the purpose of selecting a site for the proposed new high school. All members of the board were present with the exception of Elmer Dahl, Mrs. J. A. Thabes and F. M. Hagberg.

The following is the result of the board's canvass:

	Yes on 1st Question No on 2d	No on 1st Question Yes on 2d	No on Both	Yes on 1st Question No other Mark	Yes on 2d Question No other Mark	Un- marked Ballots
1st Ward	48	171	80	35	79	73
2d Ward, 1st Pct.	301	22	92	80	13	13
2d Ward, 2d Pct.	275	18	61	119	7	9
3d Ward, 1st Pct.	345	3	28	151	8	16

5th Ward	60	215	187	50	108	17
Total	1289	614	602	573	324	131

City Attorney D. H. Fullerton stated that after a conference with Ambrose Tighe, the attorney designated for approval of any bonds sold in connection with the new school proposition, that the method of determining the result of the election, keeping in mind the intention of the voter as a government factor, is as follows:

Number of actual votes cast—3,394.

Number of votes cast in favor of so-called "fill" site, in block 82, being the first question—1,860.

Number of votes cast in favor of so-called "Sixth street" site, in block 129, being the second question—338.

Number of votes cast against both sites—602.

The so-called "fill" site having more than a majority of the total vote, would be the site adopted.

It was then moved by Mr. Stanley, seconded by Mr. Bredenberg, that the first question, that the board be authorized to acquire the property lying immediately north and adjacent to Kingwood street, between Tenth street north and Bluff avenue, described as follows, lots numbered 1 to 9, both inclusive, and lots numbered 16 to 24 both inclusive of block 82 first addition to the town, (now city) of Brainerd, and lots numbered 10 to 15, both inclusive of block 82, first addition to the town, (now city) of Brainerd, as a school site and erect a school building thereon, be and hereby is declared adopted.

K JUTE NELSON MEMORIAL BODY

Crow Wing County Committee to
Meet at Court House
November 11

TO ELECT A CHAIRMAN

Also Other Officers And to Complete
Organization of the
Committee

A meeting of the Knute Nelson memorial committee of Crow Wing county will be held at the farmers room at the court house on Tuesday afternoon, November 11th, at five o'clock, for the purpose of electing a chairman and other officers and to complete the organization of the committee.

C. A. Allbright, who has been very

much interested in the Nelson memorial movement, received a letter today from Charles J. Moos, secretary of the state Knute Nelson memorial committee, requesting that a meeting be held at Brainerd for the purpose of perfecting the local organization and in addition to this letter, received a message from Governor J. A. O. Preus, calling attention again to the fact that Crow Wing county is not organized, and that the other counties of the state have about completed their organization. The governor expressed the wish that some action be taken here.

Governor Preus writes as follows: "Sometime ago the executive committee of the Knute Nelson memorial committee, of which I am a member, tentatively selected you as chairman of your county. Mr. Moos, secretary of our committee, informs me that he has had some correspondence with you, but that so far you have not accepted, and that no one else has been named in your county.

"Personally, I should appreciate it if you could serve, at least as temporary chairman until a committee can be organized in your county. If, however, circumstances make it impossible for you to act, may I ask that you get some one who can act, and that you write or wire Mr. Moos as soon as possible?"

It is hoped by those interested in this movement that publicity will be given this meeting on next Tuesday afternoon, and that a large number will be present, so that active and efficient officers can be elected for the local committee, and that persons may have an opportunity to participate.

The object is not so much to raise a large fund for the memorial, but to allow the greatest number of individuals to participate in the movement. The committee expects to have a vigorous and active organization, and to conclude the active canvass within a comparatively short time.

The total quota for Crow Wing county is only \$375. A fund of \$50,000 is to be raised within the state, and it is confidently expected

New construction is expected to be completed this season. River bridge to Emily, excellent, Emily to Outing, good. Connects at Outing with good road through Cass county to Remer.

State Road No. 5. (Deerwood, Bay lake and south). This road is in excellent condition its entire length of ten miles. Joins Trunk Highway No. 18 at the Workman corner, sixteen miles east of Brainerd. Offers motorists a scenic drive along the shores of Bay lake, and offers a connecting link between Trunk Highway No. 18 and State Road No. 4.

Trunk highways in Crow Wing county are all reported in good shape. Trunk Highway No. 19, or the Gull lake road is a little rough for a few miles out of Brainerd.

Trunk Highway No. 2. (Duluth, Brainerd, Staples, Fargo). 260 miles in length, good except over short stretches of new construction between Motley and Staples, which are reported as fair. Good detour around new construction between Staples and Wadena.

Trunk Highway No. 18. (Elk River, Garrison, Brainerd) 100 miles. Road very good its entire length.

Trunk Highway No. 19. (Brainerd, Walker, Cass lake) 95 miles, reported good all distance.

Trunk Highway No. 27. (St. Cloud, Little Falls, Brainerd) 62 miles. Paved from St. Cloud past Little Falls, detour to Brainerd fairly good.

Hagberg

3,394 VOTES WERE CAST

Fill Site Declared to Have More Than
Majority of Total Vote
Cast

The Brainerd Board of Education met on Friday evening, for the purpose of canvassing the votes cast at the special election on last Tuesday for the purpose of selecting a site for the proposed new high school. All members of the board were present with the exception of Elmer Dahl, Mrs. J. A. Thabes and F. M. Hagberg.

The following is the result of the board's canvass:

	Yes on 1st Question No on 2d	No on 1st Question Yes on 2d	No on Both	Yes on 1st Question No other Mark	Yes on 2d Question No other Mark	Un- marked Ballots
1st Ward	48	171	80	35	79	73
2d Ward, 1st Pct.	301	22	92	80	13	13
2d Ward, 2d Pct.	275	18	61	119	7	9
3d Ward, 1st Pct.	345	3	28	151	8	16

5th Ward	60	215	187	50	108	11
Total	1289	614	602	573	324	131

City Attorney D. H. Fullerton stated that after a conference with Ambrose Tighe, the attorney designated for approval of any bonds sold in connection with the new school proposition, that the method of determining the result of the election, keeping in mind the intention of the voter as a government factor, is as follows:

Number of actual votes cast—3,394.

Number of votes cast in favor of so-called "fill" site, in block 82, being the first question—1,860.

Number of votes cast in favor of so-called "Sixth street" site, in block 129, being the second question—338.

Number of votes cast against both sites—602.

The so-called "fill" site having more than a majority of the total vote, would be the site adopted.

It was then moved by Mr. Stanley, seconded by Mr. Bredenberg, that the first question, that the board be authorized to acquire the property lying immediately north and adjacent to Kingwood street, between Tenth street north and Bluff avenue, described as follows, lots numbered 1 to 9, both inclusive, and lots numbered 16 to 24 both inclusive of block 82 first addition to the town, (now city) of Brainerd, and lots numbered 10 to 15, both inclusive of block 82, first addition to the town, (now city) of Brainerd, as a school site and erect a school building thereon, be and hereby is declared adopted.

KNUTE NELSON MEMORIAL BODY

Crow Wing County Committee to
Meet at Court House
November 11

TO ELECT A CHAIRMAN

Also Other Officers And to Complete
Organization of the
Committee

A meeting of the Knute Nelson memorial committee of Crow Wing county will be held at the farmers room at the court house on Tuesday afternoon, November 11th, at five o'clock, for the purpose of electing a chairman and other officers and to complete the organization of the committee.

C. A. Allbright, who has been very

much interested in the Nelson memorial movement, received a letter today from Charles J. Moos, secretary of the state Knute Nelson memorial committee, requesting that a meeting be held at Brainerd for the purpose of perfecting the local organization and in addition to this letter, received a message from Governor J. A. O. Preus, calling attention again to the fact that Crow Wing county is not organized, and that the other counties of the state have about completed their organization. The governor expressed the wish that some action be taken here.

Governor Preus writes as follows: "Sometime ago the executive committee of the Knute Nelson memorial committee, of which I am a member, tentatively selected you as chairman of your county. Mr. Moos, secretary of our committee, informs me that he has had some correspondence with you, but that so far you have not accepted, and that no one else has been named in your county.

"Personally, I should appreciate it if you could serve, at least as temporary chairman until a committee can be organized in your county. If, however, circumstances make it impossible for you to act, may I ask that you get some one who can act, and that you write or wire Mr. Moos as soon as possible?"

It is hoped by those interested in this movement that publicity will be given this meeting on next Tuesday afternoon, and that a large number will be present, so that active and efficient officers can be elected for the local committee, and that persons may have an opportunity to participate.

The object is not so much to raise a large fund for the memorial, but to allow the greatest number of individuals to participate in the movement. The committee expects to have a vigorous and active organization, and to conclude the active canvass within a comparatively short time.

The total quota for Crow Wing county is only \$375. A fund of \$50,000 is to be raised within the state, and it is confidently expected

ONE-MAN OFFENSIVES IN FOOTBALL

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Nov. 8.—One-man offensives in football have come in for generous and rather general criticism since several monarchs of the gridiron in recent years collapsed after losing one star from last year's team.

Take Cornell, for instance. Gil Dobie, since he took the coaching job, always has had one or two stars in the backfield around whom he could build an offensive. He had the great Kaw for several years and when he lost him by graduation, he had the equally capable Pfann and he didn't lose a game for three seasons. Pfann was lost to the squad last June, and there was no one to replace him. Cornell then took one of the sensational flops of the season.

Hugo Bezdek has had a similar experience at Penn State. At one time he had the great Glenn Killinger, one of the greatest of all runners, and after Killinger he developed Harry Wilson, who graduated last year and went to the Army for four years more of 'varsity football. Penn State has been unable to find a substitute for Wilson.

Michigan had the great Kipke for the last three years and Michigan didn't lose a game while he was playing with the team. There was no Kipke in the lineup to carry the ball this year and Michigan lost her first game in that long stretch to the great Illinois team.

The Army had only ordinary success since Oliphant got his commission, although strenuous methods have been carried out to recruit a team of all-stars.

In the case of the Army, the direct opposite of the one-man idea is being attempted. The West Point officials apparently are trying to get a team of eleven star players and it is not working out any better than the one-man theory has.

Ohio State had a great team when Chick Harley was playing and the success of the State team was continued when Pete Stinchcomb was developed to take Harley's place. Workman then came along, but now State has no backfield star for the offense. If there was a Harley, a Stinchcomb or a Workman around, Ohio State might win the Western Conference championship. Without an offensive punch, Jack Wilce tried the next best thing and he specialized on the defense and developed one of the hardest teams to score against in the conference. That, however, may be the wrong idea unless it is a course adopted by necessity. As the box fighters say, "You can't win many fights by blocking 'em, even if you don't get tin ears."

Yale tried for three years to build a team up around Charley O'Hearn and the idea might have worked if O'Hearn had not been so fragile. It was no good to have all the plays in the world for a great offensive man if that one man was knocked out in the first period of every game and couldn't return.

COACH SPAULDING WILL FIND TOUGH GOING TODAY

HAUSER'S TEAM, THOUGH BRUISED,
ED, PROMISES TO GIVE
REAL FIGHT

STARS ARE TO BE SAVED FOR
GAME THIS AFTER-
NOON

St. Paul, Nov. 8.—Iowa State college's football squad is on hand for Saturday's tussle with the University of Minnesota team at Memorial stadium.

The Iowa Staters arrived yesterday morning from Ames, Ia., and are quartered over at the Curtis hotel.

The squad consisted of 25 players, trainers, etc. Head Coach Sam Williamson, Line Coach George Hauser and T. Nelson Metcalf, athletic director.

Galbraith, tackle, will not play, but Bill Anderson, tackle of last year will be at the position.

Outside of that one change, the Iowa lineup is expected to be the same as regular.

The team is somewhat bruised up and battered from last week's game but is in fair shape. The speedy backfield, with Roberts and the two Behm brothers, will be in the array, running with the ball and doing their forward passing.

Coach Hauser declared that his line was lighter than that of Minnesota and not as strong. He admitted that the Gophers would undoubtedly be able to carry the ball through it and make gains, but he also believed that the speedy backs and the aerial attack would gain great ground for Iowa.

Coe, who did great punting when Roberts was out of the lineup, may do the kicking Saturday. He is an excellent kicker.

Coach Spaulding, it appears, will possibly start many substitute linemen and backs against the team from Ames.

It looks now as though Clapp, Allison, Peterson, Van Duzee, McDon-

ald and Christgau will be in the game either at the start or soon.

Coach Spaulding does not wish to take any chances of having his stars out of the Illinois game.

Lidberg has a 'charley horse' which has been bothering him ever since the Haskell game, and if he were not so hardy he would have been on the sidelines in the Badger and Michigan games.

It would appear good policy to keep Carl out of Saturday's game, also Chet Gay.

The field was being cleared of snow yesterday morning and it was stated at Minnesota that it would be in perfect shape for today's game.—St. Paul Daily News.

FIRPO, WEINERT OPEN UP JERSEY TRAINING CAMPS

New York, Nov. 8.—Louis Angel Firpo, the Argentine heavyweight,

and Charley Weinert, Newark boxer, settled down to hard training today at their respective camps in New Jersey in preparation for their 12-round bout, to be held under the auspices of the National Sportsmen's club in Newark armory on Wednesday night. Firpo has pitched his camp at the Peronia training farm in Andover, N. J., and has signed up Mick Ferrara, Ray Bennett and Bill Tate to act as his sparring partners.

Weinert is doing his training at Summit, N. J., where he is working out daily with Joe McCann, Sandy Seifert and Sailor Maxted. Weinert has been doing conditioning work for several weeks and expects to round into the best form of his fighting career for his coming battle.

OHIO U RUNNERS DEFEAT ILLINOIS AND MICHIGAN

(By United Press)
Columbus, O., Nov. 8.—Ohio State University's champion cross country team defeated Illinois and Michigan here today. The scores of the three teams were: Ohio State, 29; Michigan, 36; Illinois, 61.

Capt. Walter Wikoff of Ohio finished 200 yards ahead of the field. His time for the five miles was 27 minutes, 55 seconds.

TEETH CHATTER, BONES CRUNCH IN NEW STADIUM

AMES TO BATTLE GOPHERS ON
FIELD OF ICE AND
SNOW

FORGETFUL OFFICIALS DID NOT
BLANKET FIELD WITH
STRAW

(By United Press)
Minneapolis, Nov. 8.—Listen for the chatter of teeth and the crunch of bones in Minnesota's new memorial stadium today.

Ames battles the Gophers on a field covered with snow and ice. The fray will be broadcast by WCCO. Maroon and Gold officials forgot to cover the field with straw when a snow storm came along Thursday night. Minnesota has a heavy line and has a style of play which will cut down the effect of the slippery going.

Ames, with its fast ends and long passing game, has an open and shift style that is likely to skid on the turns. It was four above zero here early today, with little prospect of it being much warmer at game time.

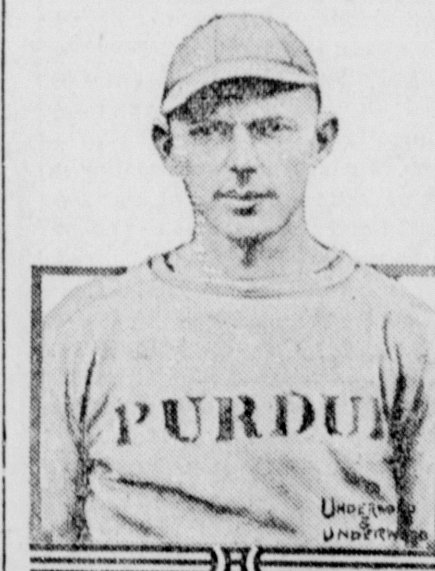

Coaches had not decided upon their lineups and were waiting for field conditions to pick their starters.

Coach Sam Williamson of Ames was hugely disappointed over conditions. He didn't blame Minnesota authorities for failure to cover the field but his feeling was plainly visible on his countenance after looking over the glazed gridiron.

May Swim in Australia

Swimming devotees of Australia will have a glimpse of two of America's foremost aquatic stars in action after the Christmas holidays, if present plans of the A. A. U. stars materialize. The Australian Swimming association, through the Amateur Athletic union, has extended an invitation to Miss Mariechen Weiselman of Honolulu and Johnny Weismuller, Illinois A. C., to visit Australia for a series of competitions in New South Wales, Victoria, Queensland and possibly New Zealand. Miss Weiselman has already accepted the invitation and it is expected that Weismuller will likewise accept.

Animals and Blood
The popular belief that blood produces intense irritation or excitement in cattle has been put to the test. The blood of both horses and cows was brought before the animals, but they remained indifferent or only mildly interested, showing nothing of the reported alarm or anger. It is concluded that the excitement witnessed by the cattlemen was not aroused by the blood but by something accompanying it, such as the sight of wounded companions, or their cries of pain.

ZUPPKE WAS ONLY SCRUB IN COLLEGE

Learned Game, However,
and Later Became Famous
as Football Coach.

Robert Zupke of Illinois ranks as one of the country's greatest football coaches, but when he was playing the game at Wisconsin in the early 1900's he was only a scrub. He was too light for those days of heavy lines and huge backfields, but something of the grimness of the game caught and held him during his college course and he was back every fall to present his body to be trampled that stars might be made. He has been making football stars ever since.

At Muskegon and later at Oak Park high schools Zupke gained fame as a coach, for his teams were different, writes James Braden in the Chicago News. There was some connection between team and coach that induced the players to superhuman efforts. Possibly Zupke understood boys. He won several national championships while at Oak Park.

George Huff, the guiding genius of Illinois athletics, spotted Zupke and signed him in 1912 as head football coach even though the athletic treasury at Illinois was made bankrupt by the act. Illinois had not been winning many games in the conference and the football team had ceased to "draw."

The first year Illinois did well under Zupke and the next year led the conference. Such a remarkable change in the football fortunes of this great university so elated faculty, students and alumni that they have not come down to earth yet and in the interval have built one of the finest stadiums in the West, besides leading the conference in 1918, 1920 and 1923. That Michigan was co-leader with them in 1920 and last year does not dim their record.

Robert Zupke is a versatile coach. His bewildering shifts, open field trick plays involving forward passes, canny hidden ball attack and surprise plays have made Illinois one of the most feared teams in the Big Ten. In 1919 Iowa led 7 to 3 and Illinois pulled an outside kick which won the game. Last year Zupke tricked everybody, for instead of springing so many surprise plays he introduced Grange, who ran wild against all opponents.

This year with the stringent rule on shift plays and all defenses set for Grange, Robert Zupke seems to be at the end of his string—but only figuratively.

Athletic Period Purely Matter of Clean Living

Age and its relation to athletics is coming in for considerable attention. Kilbane at thirty-four was an older man pugilistically than Jess Willard at forty. Over in England there is a man, Maj. George Putnam, who is eighty years old, and he plays lawn tennis every day.

Fitzsimmons was Kilbane's age

HARE, WORLD'S CHAMPION GLOBE-TROTTER, FIGHTER, STILL BUSY IN RING AT 45

In 1890 Eddie Hare stowed away aboard a ship bound for Australia and there he won his first bout. Since then he has won 300 battles and lost only three and he is still meeting the little fellows in his class. In 1898 Hare walked from Cape Town to Johannesburg, about 110 miles, to fight Jimmy Darrell from whom he won the bantam-weight championship of South Africa. Many of his early battles were fought under the old-time regulations before the Marquis of Queensbury code eliminated the brutal features.

when he won the heavyweight championship. The Senior Golfers' association has many members in the sixties and seventies who play better golf now than men in their thirties. It all depends pretty much on how a man takes care of himself.

In professional sport an athlete is regarded as a veteran after a few years of competition. Ball players and boxers can be under eighty and be referred to as veterans. Benny Leonard, the lightweight champion, is a dapper young person, but boxing fans speak of him as the veteran lightweight champion.

In other sports it works the other way. Willie Hoppe will always be regarded as a youth. He hasn't changed much in appearance, and the public impression of him as a youth will be difficult to erase.

IF BACK HURTS FLUSH KIDNEYS

Drink Plenty Water and Take Glass
of Salts Before Breakfast
Occasionally

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which helps to remove the body's urinous waste and stimulate them to their normal activity.

The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of good water — you can't drink too much; also get from any pharmacist about four ounces of Jad Salts. Take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for years to help clean and stimulate clogged kidneys; also to neutralize the acids in the system so they are no longer a source of irritation, thus often relieving bladder weakness.

Jad Salts is inexpensive; can not injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to help keep their kidneys clean and active. Try this; also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache. By all means have your physician examine your kidneys at least twice a year.—Adv.

Galbraith, tackle, will not play, but Bill Anderson, tackle of last year will be at the position.

Outside of that one change, the Iowa lineup is expected to be the same as regular.

The team is somewhat bruised up and battered from last week's game but is in fair shape. The speedy backfield, with Roberts and the two Behm brothers, will be in the array, running with the ball and doing their forward passing.

Coach Hauser declared that his line was lighter than that of Minnesota and not as strong. He admitted that the Gophers would undoubtedly be able to carry the ball through it and make gains, but he also believed that the speedy backs and the aerial attack would gain great ground for Iowa.

Coe, who did great punting when Roberts was out of the lineup, may do the kicking Saturday. He is an excellent kicker.

Coach Spaulding, it appears, will possibly start many substitute linemen and backs against the team from Ames.

It looks now as though Clapp, Allison, Peterson, Van Duzee, McDon-

ald and Christgau will be in the game either at the start or soon.

Coach Spaulding does not wish to take any chances of having his stars out of the Illinois game.

Lidberg has a 'charley horse' which has been bothering him ever since the Haskell game, and if he were not so hardy he would have been on the sidelines in the Badger and Michigan games.

It would appear good policy to keep Carl out of Saturday's game, also Chet Gay.

The field was being cleared of snow yesterday morning and it was stated at Minnesota that it would be in perfect shape for today's game.—St. Paul Daily News.

FIRPO, WEINERT OPEN UP JERSEY TRAINING CAMPS

New York, Nov. 8.—Louis Angel Firpo, the Argentine heavyweight, and Charley Weinert, Newark boxer, settled down to hard training today at their respective camps in New Jersey in preparation for their 12-round bout, to be held under the auspices of the National Sportsmen's club in Newark armory on Wednesday night.

Firpo has pitched his camp at the Peronia training farm in Andover, N. J., and has signed up Mick Ferrara, Ray Bennett and Bill Tate to act as his sparring partners.

Weinert is doing his training at Summit, N. J., where he is working out daily with Joe McCann, Sandy Seifert and Sailor Maxted. Weinert has been doing conditioning work for several weeks and expects to round into the best form of his fighting career for his coming battle.

OHIO U RUNNERS DEFEAT ILLINOIS AND MICHIGAN

(By United Press)
Columbus, O., Nov. 8.—Ohio State University's champion cross country team defeated Illinois and Michigan here today. The scores of the three teams were: Ohio State, 29; Michigan, 36; Illinois, 61.

Capt. Walter Wilkoff of Ohio finished 200 yards ahead of the field. His time for the five miles was 27 minutes, 55 seconds.

TEETH CHATTER, BONES CRUNCH IN NEW STADIUM

AMES TO BATTLE GOPHERS ON FIELD OF ICE AND SNOW

FORGETFUL OFFICIALS DID NOT BLANKET FIELD WITH STRAW

(By United Press)
Minneapolis, Nov. 8.—Listen for the chatter of teeth and the crunch of bones in Minnesota's new memorial stadium today.

Ames battles the Gophers on a field covered with snow and ice. The fray will be broadcast by WCCO. Maroon and Gold officials forgot to cover the field with straw when a snow storm came along Thursday night. Minnesota has a heavy line and has a style of play which will cut down the effect of the slippery going.

Ames, with its fast ends and long passing game, has an open and shifty style that is likely to skid on the turns. It was four above zero here early today, with little prospect of it being much warmer at game time.

Coaches had not decided upon their lineups and were waiting for field conditions to pick their starters.

Coach Sam Willaman of Ames was hugely disappointed over conditions. He didn't blame Minnesota authorities for failure to cover the field but his feeling was plainly visible on his countenance after looking over the glazed gridiron.

May Swim in Australia

Swimming devotees of Australia will have a glimpse of two of America's foremost aquatic stars in action after the Christmas holidays, if present plans of the A. A. U. stars materialize. The Australian Swimming association, through the Amateur Athletic union, has extended an invitation to Miss Mariechen Weisela of Honolulu and Johnny Weismuller, Illinois A. C., to visit Australia for a series of competitions in New South Wales, Victoria, Queensland and possibly New Zealand. Miss Weisela has already accepted the invitation and it is expected that Weismuller will likewise accept.

Animals and Blood

The popular belief that blood produces intense irritation or excitement in cattle has been put to the test. The blood of both horses and cows was brought before the animals, but they remained indifferent or only mildly interested, showing nothing of the reported alarm or anger. It is concluded that the excitement witnessed by the cattlemen was not aroused by the blood but by something accompanying it, such as the sight of wounded companions, or their cries of pain.

ZUPPKE WAS ONLY SCRUB IN COLLEGE

Learned Game, However, and Later Became Famous as Football Coach.

Robert Zupke of Illinois ranks as one of the country's greatest football coaches, but when he was playing the game at Wisconsin in the early 1900's he was only a scrub. He was too light for those days of heavy lines and huge backfields, but something of the grime of the game caught and held him during his college course and he was back every fall to present his body to be trampled that stars might be made. He has been making football stars ever since.

At Muskegon and later at Oak Park high schools Zupke gained fame as a coach, for his teams were different, writes James Braden in the Chicago News. There was some connection between team and coach that induced the players to superhuman efforts. Possibly Zupke understood boys. He won several national championships while at Oak Park.

George Huff, the guiding genius of Illinois athletics, spotted Zupke and signed him in 1912 as head football coach even though the athletic treasury at Illinois was made bankrupt by the act. Illinois had not been winning many games in the conference and the football team had ceased to "draw."

The first year Illinois did well under Zupke and the next year lead the conference. Such a remarkable change in the football fortunes of this great university so elated faculty, students and alumni that they have not come down to earth yet and in the interval have built one of the finest stadiums in the West, besides leading the conference in 1918, 1920 and 1923. That Michigan was co-leader with them in 1920 and last year does not dim their record.

Robert Zupke is a versatile coach. His bewildering shifts, open field trick plays involving forward passes, canny hidden ball attack and surprise plays have made Illinois one of the most feared teams in the Big Ten. In 1919 Iowa led 7 to 3 and Illinois pulled an inside kick which won the game. Last year Zupke tricked everybody, for instead of springing so many surprise plays he introduced Grange, who ran wild against all opponents.

This year with the stringent rule on shift plays and all defenses set on Grange, Robert Zupke seems to be at the end of his string—but only figuratively.

Athletic Period Purely Matter of Clean Living

Age and its relation to athletics is coming in for considerable attention. Kilbane at thirty-four was an older man pugilistically than Jess Willard at forty. Over in England there is a man, Maj. George Putnam, who is eighty years old, and he plays lawn tennis every day.

Fitzsimmons was Kilbane's age

HARE, WORLD'S CHAMPION GLOBE-TROTTERING FIGHTER, STILL BUSY IN RING AT 45

In 1890 Eddie Hare stowed away aboard a ship bound for Australia and there he won his first bout. Since then he has won 300 battles and lost only three and he is still meeting the little fellows in his class. In 1898 Hare walked from Cape Town to Johannesburg, about 110 miles, to fight Jimmy Darrell from whom he won the bantamweight championship of South Africa. Many of his early battles were fought under the old-time regulations before the Marquis of Queensbury code eliminated the brutal features.

when he won the heavyweight championship. The Senior Golfers' association has many members in the sixties and seventies who play better golf now than men in their thirties.

It all depends pretty much on how a man takes care of himself.

In professional sport an athlete is regarded as a veteran after a few years of competition. Ball players and boxers can be under eighty and be referred to as veterans. Benny Leonard, the lightweight champion, is a dapper young person, but boxing fans speak of him as the veteran lightweight champion.

In other sports it works the other way. Willie Hoppe will always be regarded as a youth. He hasn't changed much in appearance, and the public impression of him as a youth will be difficult to erase.

IF BACK HURTS FLUSH KIDNEYS

Drink Plenty Water and Take Glass of Salts Before Breakfast Occasionally

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which helps to remove the body's urinous waste and stimulate them to their normal activity.

The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of good water — you can't drink too much; also get from any pharmacist about four ounces of Jad Salts. Take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for years to help clean and stimulate clogged kidneys; also to neutralize the acids in the system so they are no longer a source of irritation, thus often relieving bladder weakness.

Jad Salts is inexpensive; can not injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to help keep their kidneys clean and active. Try this; also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache. By all means have your physician examine your kidneys at least twice a year.—Advt.
